

AURANIA ANNOUNCES INTENTION TO EXTEND WARRANTS

Toronto, Ontario, September 12, 2018 – Aurania Resources Ltd. (TSXV: ARU); (OTCQB: AUIAF); (Frankfurt: 20Q) (“Aurania” or the “Company” - http://www.commodity-tv.net/c/search_adv/?v=298509) announces it will be applying to the TSX Venture Exchange (the “Exchange”) for approval to extend the expiry date of 1,069,909 outstanding common share purchase warrants (the “Warrants”) that were issued in connection with a private placement conducted on April 20, 2017, as further described in the Company’s April 20 and May 29, 2017 news releases.

The Warrants are exercisable for common shares of the Company at an exercise price of \$3.00 per share, and presently bear an expiry date of October 19, 2018. The Company is proposing to extend the expiry date of the Warrants by an additional 12 months to 5:00 p.m., Toronto, Ontario time on October 19, 2019, subject to an acceleration option. The acceleration option allows the Company to accelerate the expiration date to a date which is 30 days following the date on acceleration notice in the event that the average trading price of the common shares exceeds \$3.00 for a period of 20 consecutive trading days.

The proposed extension of the expiration date of the Warrants is subject to approval by the TSX Venture Exchange.

About Aurania

Aurania is a junior exploration mining company engaged in the identification, evaluation, acquisition and exploration of mineral property interests, with a focus on precious metals and copper. Its flagship asset, The Lost Cities – Cutucu Project, is located in the Jurassic Metallogenic Belt in the eastern foothills of the Andes mountain range of southeastern Ecuador.

Forward-Looking Statements

This news release may contain forward-looking information that involves substantial known and unknown risks and uncertainties, most of which are beyond the control of Aurania. Forward-looking statements include estimates and statements that describe Aurania's future plans, objectives or goals, including words to the effect that Aurania or its management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan". Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to Aurania, Aurania provides no assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, Aurania's objectives, goals or future plans, statements, exploration results, potential mineralization, the corporation's portfolio, treasury, management team and enhanced capital markets profile, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to, failure to identify mineral resources, failure to convert estimated mineral resources to reserves, the inability to complete a feasibility study which recommends a production decision, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, regulatory, environmental or other project approvals, political risks, inability to fulfill the duty to accommodate indigenous peoples, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, capital and operating costs varying significantly from estimates and the other risks involved in the mineral exploration and development industry, and those risks set out in Aurania's public documents filed on SEDAR. Although Aurania believes that the assumptions and factors used in preparing the forward-looking information in this news release are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. Aurania disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
