

AURANIA

RESOURCES LTD.

AURANIA BEGINS TRADING ON THE OTCQB VENTURE MARKET IN THE U.S.

Toronto, Ontario, May 25, 2018 – Aurania Resources Ltd. (TSXV: ARU; OTCQB: AUIAF) (“Aurania” or the “Company” - <https://www.youtube.com/watch?v=loQK2afID3Q&t=2s>) is pleased to announce that its common shares are now trading on the OTCQB Venture Market ("OTCQB"), a U.S. trading platform that is operated by OTC Markets Group in New York. The Company will trade on OTCQB under the symbol "AUIAF "; the Company's common shares will continue to trade on the TSX Venture Exchange under the symbol "ARU".

“Trading on OTCQB is a critical component of our IR program to increase Aurania’s profile and exposure to a broader audience. U.S. domestic investors will now have access to the same high-quality information about our Lost Cities – Cutucu project that is available to other investors. We expect that trading on OTCQB will enhance liquidity and reduce the recent volatile trading activity,” said Dr. Keith Barron, Aurania’s Chairman and CEO. “Aurania has a very compelling story to tell, and part of that includes broadening our investor base globally.”

OTCQB is a premier market for entrepreneurial and development stage U.S. and international companies that are committed to providing a high-quality trading and information experience for their U.S. investors. To be eligible, companies must be current in their financial reporting, pass a minimum bid price test, and undergo an annual company verification and management certification process. The OTCQB Venture Market quality standards provide a strong baseline of transparency, as well as the technology and regulation to improve the information and trading experience for investors.

About Aurania

Aurania is a junior exploration mining company engaged in the identification, evaluation, acquisition and exploration of mineral property interests, with a focus on precious metals and copper. Its flagship asset, The Lost Cities – Cutucu Project, is located in the Jurassic Metallogenic Belt in the eastern foothills of the Andes mountain range of southeastern Ecuador.

Forward-Looking Statements

This news release contains forward-looking information that involves substantial known and unknown risks and uncertainties, most of which are beyond the control of Aurania. Forward-looking statements include estimates and statements that describe Aurania's future plans, objectives or goals, including words to the effect that Aurania or its management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan". Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to Aurania, Aurania provides no assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, Aurania's company's objectives, goals or future plans, statements, exploration results, potential mineralization, the corporation's portfolio, treasury, management team and enhanced capital markets profile, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to, failure to identify mineral resources, failure to convert estimated mineral resources to reserves, the inability to complete a feasibility study which recommends a production decision, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, regulatory, environmental or other project approvals, political risks, inability to fulfill the duty to accommodate indigenous peoples, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, capital and operating costs varying significantly from estimates and the other risks involved in the mineral exploration and development industry, and those risks set out in Aurania's public documents filed on SEDAR. Although Aurania believes that the assumptions and factors used in preparing the forward-looking information in this news release are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. Aurania disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
