### INCLUSION IN THE FTSE/JSE TOP 40 INDEX

**Westonaria, 7 September 2016:** Sibanye (JSE: SGL & NYSE: SBGL - [http://www.commodity-tv.net/c/mid,2697,Company\\_Presentation/?v=296429](http://www.commodity-tv.net/c/mid,2697,Company_Presentation/?v=296429)) is pleased to inform shareholders that from 19 September 2016 it will be included in the FTSE/JSE Top 40 index, with an initial ranking at 34th position. This follows the September 2016 index review by the JSE.

Neal Froneman, CEO of Sibanye, commenting on the inclusion, said: "Sibanye's inclusion in the FTSE/JSE Top 40 index is a significant milestone. Considering the relatively short history since the Group listed in February 2013 with a market capitalisation of less than R10 billion, to now be recognised as one of the 40 largest companies listed on the JSE, is something I am extremely proud of and highlights the significant returns Sibanye has delivered to shareholders. Sibanye investors have received total returns from share price appreciation and dividends of over 350% in the last three and a half years, or a compound annual growth rate of over 50% per annum."

"Inclusion in the FTSE/JSE Top 40 Index is likely to provide further share price benefits as funds tracking the index, will be required to include Sibanye shares in their portfolios in future," Froneman concluded.

#### **FORWARD LOOKING STATEMENTS**

Certain statements included in this announcement, as well as oral statements that may be made by Sibanye, or by officers, directors or employees acting on its behalf related to the subject matter hereof, constitute or are based on forward-looking statements. Forward-looking statements are preceded by, followed by or include the words "may", "will", "should", "expect", "envisage", "intend", "plan", "project", "estimate", "anticipate", "believe", "hope", "can", "is designed to" or similar phrases. These forward-looking statements involve a number of known and unknown risks, uncertainties and other factors, many of which are difficult to predict and generally beyond the control of Sibanye, that could cause Sibanye's actual results and outcomes to be materially different from historical results or from any future results expressed or implied by such forward-looking statements. Such risks, uncertainties and other factors include, among others, Sibanye's ability to complete the transaction, Sibanye's ability to successfully integrate the acquired assets with its existing operations, Sibanye's ability to achieve anticipated efficiencies and other cost savings in connection with the transaction, the success of exploration and development activities and other risks. Sibanye undertakes no obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this announcement or to reflect any change in Sibanye's expectations with regard thereto.

This release includes mineral reserves and resources information prepared in accordance with the South African Code for the Reporting of Exploration Results, Mineral Resources and Mineral Reserves (the "SAMREC Code"), and not in accordance with the U.S. Securities and Exchange Commission's Industry Guide 7.
