MARKET RELEASE

Significant milestones reached in terms of the Altar transaction

Johannesburg, 25 September 2018: Sibanye-Stillwater (Tickers JSE: SGL and NYSE: SBGL - http://www.commodity-tv.net/c/search_adv/?v=298572) is pleased to advise that significant milestones have been reached with the Arrangement Agreement to unlock value at its Altar copper-gold project with Regulus Resources Inc. (Regulus) and a newly formed subsidiary of Regulus, Aldebaran Resources Inc. (Aldebaran), to create a strategic partnership, as per the announcement on 29 June 2018.

The milestones include 99.8% of votes cast by Regulus shareholders being in favour of the Arrangement at its annual and special meeting held on 21 September 2018, as well as obtaining the requisite final court order from the Alberta Court of Queen's Bench. The closure of the Arrangement is subject to the satisfaction of customary closing conditions, including receipt from the TSX Venture Exchange (TSX-V) of conditional listing approval for the Aldebaran shares.

As previously announced, the Arrangement sees Sibanye-Stillwater benefit from upfront proceeds (US\$15 million), while retaining a direct interest in the project of either 40% or 20% (should Aldebaran exercise its additional earn in option) as well as an indirect exposure through its 19.9% shareholding in Aldebaran. Sibanye-Stillwater will also gain indirect exposure to the Argentine exploration assets that Aldebaran will be acquiring from Regulus as part of the Arrangement, including the Rio Grande and Aguas Calientes projects, amongst others.

Closure and implementation of the transaction is dependent on the successful listing of Aldebaran Resources on the TSXV which, subject to regulatory approval by the TSXV, is anticipated to occur during the fourth quarter of 2018.

For more information regarding the transaction, please refer <https://www.sibanyestillwater.com/investors/transactions/altar> and to www.regulusresources.com for the related Regulus announcements.

Sibanye-Stillwater CEO, Neal Froneman commented: "We are pleased that these significant milestones has been achieved and recognize that it is an important step towards closing the transaction. The support of the Regulus shareholders demonstrates the value creation that is expected to be realised through the implementation of this transaction, unlocking the upside potential of the Altar Project by providing it with the focus from the experienced Aldebaran team."
